

MasterWorks Ultra¹⁰⁰

Kraftback™ * Freeze

MasterWorks Ultra 100 – Kraftback™ * Freeze is a cost effective 100% recycled alternative to virgin paperboard grades designed for refrigerated and frozen environments. Its increased kraft fiber content creates a dark brown backside shade and greater stiffness characteristics, while further enhanced with additional sizing for water resistance for frozen or refrigerated packaging needs.

Target Attributes

Wabash, Indiana Mill

FEATURES:

- > 100% recycled fiber content
- > High stiffness and low grain ratio for extra strength
- > Dark brown kraft backside shade
- > Low density without sacrificing stiffness
- > Exceptional runability and performance
- > Wide caliper range from .012 to .030
- > Meets RPA-100% symbol requirements
- > FSC Certified

MasterWorks Ultra 100 is also available in...

Whiteback • Kraftback • Beverage
